1. **MIC**  
2. **RETURN Button**  
   Press return button to go back to previous menu.  
3. **HOME BUTTON**  
   Press home button to return back to main menu.  
4. **SOURCE BUTTON**  
   Press source button to change mode.  
5. **POWER / MUTE Button / VOL**  
   Press it to turn on the unit. Press and hold for 2 seconds to turn the unit off. Press the button briefly to mute. Please notes that the volume will be muted on all audio output connectors. Rotate VOL knob to increase or reduce the volume.  
6. **SD**  
   SD card slot, for Multimedia playback files only. Insert a SD CARD into this slot and the unit will automatically start reading and playback. (Supported Music File Format: MP3 and WMA files)  
7. **USB**  
   USB for Multimedia playback files only. Insert a USB into this slot and the unit will automatically start reading and playback. (Supported Music File Format: MP3 and WMA files)  
8. **RESET**  
   Press it with a thin/sharp object, the unit will then be reset to factory default settings.  
9. **AUX**  
   Put the Aux plug into the Aux-In jack which is marked on front panel.  
10. **Display**  
   Displays information when operating the unit.  
11. **Remote Sensor**  
   Remote control signal receiving window. Max distance is 20 ft (6m), 45 deg.
1. **POWER button**
Power on or power off.

2. **MODE button**
Press it to select the mode: Radio, USB (if there is a USB device in the unit), SD (if there is a SD/MMC card in the unit), Bluetooth, Aux-In.

3. **LEFT button**
Press to move the cursor left.

4. **PREVIOUS/Accept**
   - In USB / SD mode, press to skip to the previous track.
   - In Radio mode, press to seek to previous station.
   - In Bluetooth mode, press to make a call after inputted a phone number or accept an incoming call.

5. **VOLUME DOWN button**
Press to decrease volume level.

6. **Mute button/Bluetooth button**
   - Short press to mute the volume output, press again to resume volume.
   - Long press this button to enter into Bluetooth mode (Handsfree).

7. **UP button**
Press it to move the cursor up.

8. **ENTER**
Press it to confirm your selection.

9. **DOWN button**
Press it to move the cursor down.

10. **MENU**
Press it to show main menu.

11. **SEARCH button**
Press to auto store AM/FM stations.

12. **RIGHT button**
Press it to move cursor right.
Remote Control

13. NEXT/REJECT button
In USB/SD mode, press button to skip to the next track.
In Radio mode, press to seek to next station.
In Bluetooth mode, press to end a call or decline an incoming call.

14. VOLUME UP button
Press to increase volume level.

Note:
- The distance may vary according to the brightness of ambient light.
- If the remote is not used for an extended period of time, remove the battery to prevent possible damage from battery leakage or corrosion.
- Do not place any objects between the remote control unit and the sensor on the unit.
- Do not drop the remote control onto the floor; it may damage it beyond repair.
- Do not use the remote control unit while simultaneously operating the remote control unit of any other equipment; they may interfere resulting in improper operation.
- The battery normally lasts for about one year depending how often the remote control is used. If the remote control unit isn’t working even when it is operated near the unit, replace the battery with a new battery of the same make and use only a lithium cell battery type: CR2025 (3V).
- Dispose empty batteries in accordance with your local governmental regulations.
- Do not short-circuit, disassemble, heat or dispose of flammable battery.
- Keep the battery out of reach of children, should the battery be swallowed, immediately seek medical attention.
Main Menu

The best way to discover the program is to explore each screen in detail, and to find out how to move from one to another. Read this chapter for a guided tour.

Unit starts by displaying the main menu. This is the root of the screen hierarchy, and you can simply access all features by tapping on the touch screen buttons. Tap the icons to enter a desired mode.
